### **Billed as the Event of the Year:**

**Six Barrels for Six Chefs fundraiser for Camp Trillium is back for a third year.**

### **BLOOMFIELD, Ont., June 4–**

July 2<sup>nd</sup> 2009 marks the date for Huff's 3<sup>rd</sup> annual Trillium Foundation Fundraiser "Six Barrels for Six Chefs" which has generated upwards of \$25,000 in its two year history. Imagine a stroll through the vineyards at Huff Estates while sampling delicacies from some of Ontario's finest Chefs prepared and cooked over open fires and inspired from barrels of Chardonnay crafted by Frederic Picard of Huff Estates and Pinot Noir from Norman Hardie.

Bryan Steele of the Stratford Chef School and Frederic Picard of Huff Estates Winery have teamed up again to bring together some of Ontario's finest chefs to present dishes paired with barrel aged wine from Huff Estates Winery and Norman Hardie Winery and Vineyards. Also this year Fifth Town Cheese Co. have joined the exclusive line-up.

"One winter, as Bryan Steele and I were enjoying a barrel tasting together, we came up with the idea," Picard said. "Our goal was to illustrate the nuances between the same wine aged in different oak barrels and to explore how each one could be elevated when paired with food prepared by a great chef."

The vineyards have had an early start, foliage is bright green, irrigation plentiful and now the summer sun holds promise for another great vintage. Let Picard and Hardie guide you through the marquee dotted vineyard. Leave your dress shoes at home, bring out the Wellie's for this one.

Huff Estates ... a beautiful July evening in the county ... a cooling breeze blowing through the vineyard ... the smell of wood burning fire and cooking foods wafting in the air accompanied by live jazz floating across the estate. Two County wines will be featured from six different barrels, three chardonnay from Huff and three pinot from Hardie.

This is an event that promises nothing short of an unforgettable evening, all proceeds going to a great cause. Take advantage of this opportunity and so any more right in your own backyard; Prince Edward County.
